# **Bridal Bracelets - Shopping Tips for the Choosy Bride**

Just because the bride takes so much time in choosing her wedding dress and hairstyle means the bridal accessories deserve less time and attention. Far from it. Badly chosen accessories could come out as a wardrobe disaster - a tiara that disagrees in style and motif with the gown, a necklace that doesn't match the neckline, bridal bracelets that don't tandem with the wedding motif. Take this one bridal accessory - [bridal bracelets](#). Even though they can be thought of as part of a jewellery set, they don't have to match the rest; neither should they clash with the other jewelleries in terms of colour and metal used.
