# Princess Ring And Marriage Band

When a guy is planning to pop the big question the first thing he does is to find or purchase an [princess cut ring and wedding band](#). There are varieties of Wedding Ring that you can find in one jewelry shop and there are many options in which you can choose from like the round cut, emerald, cut, oval cut, Princess Cut, marquise cut, pear cut and other more.

Each of this cut has their own unique beauty and qualities. The Princess is one of the popular cuts amongst the Engagement Rings aside from the round cut. The Princess is cut in a square form, it is said that this cut first appeared 30 years ago this was the result of many years of refinement in cutting diamonds.

This cut was designed with a combination of round cut and a square cut which creates the maximum amount of shine and sparkle on the diamond stone.

This cut is popular but only second to the round cut when it comes to Engagement Rings and is usually much cheaper compared to the round diamond which is difficult to cut. If you decide on finding or purchasing a Princess Ring it is best to look for these characteristic:

- The proportion.
- The facet or cut arrangements.
- Also the shape of the diamond should be very good.
- Plus its color should be G or even better which would mean near colorless.
- It is also important to check the clarity of your diamond VS2 clarity is good or if you can find better than VS2 then that would be great.
- You also need to consider the percentage of its width and depth.

If you look for this characteristic you could find an excellent Princess Cut Engagement Ring however this would cost you lots of money.

There are ways to save you could buy a Princess Engagement Ring and wedding band at the same time in this way you could have a discount plus your soon to be wife's Engagement Ring would match with her wedding band. In this set there are some Marriage Rings that may look lacking or may look incomplete and they would look complete only after the wedding band is placed beside it.

But there are also some of this set that would look good even without the wedding band and would look much more stunning when the wedding band is put into placed. Some fused the two rings after the wedding so it would be convenient for the girl. You could find set like this in jewelry shop may it be online or in your local area. Here are some of the set that you could find.
