Several brides currently are choosing to put on a themed wedding. Rather than just a common trip down the aisle, contemporary brides are designing graceful styled weddings full of importance and extravagant splendour. A great case of this is an Elizabethan designed wedding ceremony.

Queen Elizabeth ruled England from 1558 to 1603. By all accounts, this was a golden age that included the performs of William Shakespeare, the circumnavigation in the world by Sir Francis Drake along with the earliest attempt at the settlement in the New Globe, the colony at Roanoke Island. The period was a time of relative peace of mind in England.

Wedding ceremonies in Elizabethan times were lush and lavish, containing a lot of feasting and music. The bride wore her top gown. In this era, the colour of the gown was unimportant. Practically all brides also sported elongated, flowing cloaks. Pick out a gown produced from satin or velvet in a brilliant colour such as red, green or blue. The gown should have a low neckline. Adorn both your hair and gown in flowers. The groom also wore his best outfit, which was made up of breeches, doublet, pleated neck ruff, hose, cod piece, cloak and boots. Men's outfit colours were similar to women's. For an extra dimension of connotation, integrate some heraldic emblems in your wedding ceremony.

Inside a period when discovery was exploding all throughout Europe, particularly in England and Spain, using symbols of the ocean and its denizens would be specially suitable. A ship is a symbol of a voyage or journey, just like the one you and your loved one embarked upon on your wedding day. A scallop shell represents travel to distant locations. Who can foresee where your affection will send you! A lighthouse indicates alertness and an anchor indicates hope. Be positive to take in dolphins, since they stand for carefulness, affection and assistance. Fish, normally, characterize the concept of a and generous mind. For Christians, there's the added mark of spiritual growth. The sea lion symbolises valour along with a mermaid symbolises eloquence. In conclusion, the lowly seahorse characterizes the strength of the water and, for you, the strength of love!
