The Qualities That Is Behind The Maurice Lacroix Ladies Watch

Watches are the essence of who a person is, whether they are a man or a woman. The types of watches that people choose to wear symbolize and reflect who they are as a person. We can tell what motivates a person, what makes them happy, and what makes them tick, just by seeing what kind of watch they wear. There are many Maurice Lacroix watches that many people choose to wear.

Maurice Lacroix is a small Swiss watchmaker that is represented by about four thousand stores in almost sixty different countries worldwide. Maurice Lacroix is world renowned for its attention to detail in its watches. These details are very easy to see in the watches that they make.

There are several types of watches offered by this Swiss company. One type of mens watch is the MP6348 Masterpiece Masterchrono Automatic. This watch is characterized by a brushed stainless steel case. The dial has a silver tone and silver hands. A second hand is included with this watch.

A Decorated Black Alligator is another type of watch that is offered by this Swiss Company. This is also part of the Masterchrono collection. This luxury watch has a stainless steel case and has sapphire crystal functions. The watch has a sixty second subdial, along with larger thirty minute and twelve hour subdials. The band of this watch is made from alligator skin.

The decorated on stainless watch by Maurice Lacroix is another elegant mens watch. This watch features a black dial with silver hands and Arabic numerals on the face. The band is a stainless steel link with a deployment clasp. This watch is a chronograph and is part of the Masterpiece Series, in the subseries Masterchrono.

The Rose Gold Automatic watch with Moon Phase application features is another mens watch. This one has a black dial with rose gold hands. A rose gold case is also featured on this watch, along with a complete calendar feature that includes the phases of the moon. There is a buckle clasp on the alligator band of the watch.

A Big Date Automatic watch for men also has an alligator band. It is stainless steel and has a stainless steel case along with a silver dial and hands on the face. Roman numerals are the type of measurement for this type of watch. It is a part of the Masterpiece collection and is designed as a watch to be worn for casual occasions.

An eighteen karat Gold Bezel is offered on the Big Date Automatic watch for men. This one has a silver toned dial and rose gold hands with hour markers on the face. Brown alligator skin makes up the band of the luxury watch and a deployment clasp keeps the band together. The bezel material of the watch is eighteen karat gold.
